- Amex ExpressPay
- Interac Approved
- Discover D-PAS

Introducing PAX's new retail multilane terminal, the P×5. Small footprint but with the biggest display and highest resolution of any mid-sized terminal in the industry.

The many different communication options of the P*5 platform and its open architecture software development environment meets the needs for fully or semi-integrated with the POS configurations alike. Our turn-key P* Retailer application allows retailers to quickly integrate the P*5 with existing in-store environments. Alternatively our P* Studio Development environment allows third parties to develop their own P*5 terminal application. In either case, costly recertification is not required because all of the security and payment functionality is segregated from the terminal application and certified separately.

Your Payment Partner of Choice

Px5 Retail Multilane Terminal

Features & Benefits

Ergonomic, Tablet-Like Design

- Large5-inch LCD display supports up to 256K colors
- High resolution touch screen supports both finger and stylus
- Integrated magnetic stripe reader, EMV-certified smart card reader, and contactless reader

Flexible Platform

- Standard and optional communication features meet needs of multiple markets
- High performance USB and RS232 for faster downloads

Innovative Design

- Generate instant alert if privacy shield or stylus pen is removed
- LED light pipes for magnetic card reader and smart card reader clearly prompt customer card swipe or insertion
- Contactless logo displayed on LCD screen, eliminating costly labels or bulky add-on modules

Unprecedented Signature Quality

- Highquality finger signature eliminates need for stylus pen
- Streamlines consumer experience
- Reduces repair and associated inventory costs

Specifications

Processor

400 MHz, ARM-11

Memory

512MB standard (256MB Flash, 256MB SDRAM) Upgradable

Display

5-inch TFT LCD 800 x 480 pixels Hardened glass

Keypad

Touch-press input, backlit 10 numeric keys, 3 function keys

Magnetic Card Reader

Track 1 / 2 / 3, bi-directional

Integrated Smart Card Reader

EMV L1 & L2 certified

Contactless Card Reader

MasterCard Contactless & Visa payWave ISO14443 Type A/B Mifare®, Felica, NFC

Card Slots

1 Micro SDHC and 2 SAMs

Standard Peripheral Ports

1 x RS232, 1 x PUSB, 1 x Host USB 2 x Ethernet (1 standard, 1 optional) 1 x Power port

Optional Communication Modules

Power over Ethernet Ethernet Switch Wi-Fi Bluetooth 4.0 WCDMA (optional) Cellular GSM

Stylus Pen

Optional, passive, field replaceable Stylus holder can be positioned at left side or top of terminal

Security

PCI PTS 4.x SRFD

Environmental

-10°C to 50°C (14°F to 122°F) operating temperature -20°C to 60°C (-4°F to 140°F) storage temperature 10% to 90% humidity non-condensing

Voltage

Input: 100-240V, 50/60 Hz, 0.6A Output: DC9V, 1A

Physical

Length: 170.2mm Width: 162.4mm Height: 58.8mm

Weight

1.4lbs.
